Academics – Green Arts – Red Athletics – Blue Music - Gold

2019 - Lyceum Village Summer Camp Electives Descriptions

ACADEMICS:

- 1. Genius Club [AM & PM flexible hours]**
Keep up with math and academics during the summer during these proctored independent study blocks. You can bring your own summer work, or we can provide you with one that is aligned with state reading and math standards, along with a recommended summer reading list. Do a little - or a lot - all summer long, and retain skills from your previous grade or get ahead of the game!
Instructor: Lyceum Village Genius Club staff / grades 1-5: materials fee of \$10 for summer workbook, or provide your own.
- 2. #FUN with STEM (All/3:30-5:30)**
Have #FUN all summer long with awesome hands-on projects! This camp session encourages kids to tap into the imaginative and creative facets of their STEM knowledge. Each week will feature a new STEM-focused project: from conceptualizing and developing a superhero, to designing and building a rocket-ship using a 3D printer.
Instructor: Lyceum Village Genius Club/E1 staff, \$10 materials fee
- 3. Beginner Robotics: #FUN with Dash and Dot [wks 1,2,5,6,9/11:00-12:30]**
Beginner: #FUN with Dash and Dot! Bring coding and STEAM to life with smart robots. Develop and apply coding skills through hands-on experiences. Engage spatial awareness and solve multi-step problems with computer science concepts.
Instructor: Lyceum Village Genius Club/E1 staff
- 4. Advanced Robotics [wks 3,4,7,8,10/11:00-12:30]**
Design. Build. Drive. Explore advanced robotics by building and Arduino-compatible robots. Students will build and program a multi-functional robot with obstacle avoidance line tracking and IR control.
Instructor: Lyceum Village Genius Club/E1 staff
- 5. Harry Potter Adventures / English Language Arts [wks 1,3,5/10:30-12:30]**
Meet us at Platform 9¾ as we fly into the world of Harry Potter for a week of magic and fun. From potions class to Quidditch practice, as we read about life in the wizarding world, campers will participate in challenges and activities to help them pass their classes and graduate from Hogwarts School of Witchcraft and Wizardry. (3rd – 6th graders)
Instructor: Once Upon a Storybook/Susie Alexander and staff
- 6. Variations on a Magical Tale / English Language Arts [wks 1,3,5/8:30-10:30]**
Were you aware that every culture has a Cinderella story! Join us to explore the traditional Cinderella that we all know and love, and hear other Cinderella stories, and even create your own Cinderella story that you will write, illustrate, and take home. (1st – 3rd graders)
Instructor: Once Upon a Storybook / Susie Alexander and staff
- 7. English Language Arts: Multimedia storytelling [wks 7/8:30-10:30]**
Students in this course will explore new, powerful modes of storytelling, working with the instructors to develop their own, original ideas for a podcast series. Lessons will guide students through the creative processes of podcasting, introducing students to the formal conventions of the medium. Students who have a strong interest in multimedia storytelling are strongly encouraged to join in, but students who are just looking to hone their general writing skills are also welcome. (ages 8-13)
Instructor: Lyceum Village Genius Club staff
- 8. English Language Arts: Introduction to Creative Writing [wks 2,8/8:30-10:30]**
This course is perfect for young students who are interested in creative writing or who are just looking to sharpen their writing in a fun, imaginative environment. Students will learn the very basics of creative writing: structuring a narrative, developing characters, and using descriptive words to add depth and meaning to their writing. Students will write and illustrate their own picture book over the course of a week. (ages 6-8)
Instructor: Lyceum Village Genius Club staff

9. **English Language Arts: Fiction Writing for Young Authors [wk 9/8:30-10:30]**
This creative writing program is designed to give students a broad overview of short fiction writing, focusing on the basics: creating outlines, using transitional devices, and crafting coherent paragraphs. Over the span of a week, students will develop and write an original short story. Students at all levels are welcome. (ages 8-10)
Instructor: Lyceum Village Genius Club staff
10. **English Language Arts: The Short Story [wks 4,10/8:30-10:30]**
This course is designed for middle school students who have a passion for writing. Students will take part in close readings, guided discussions, and peer feedback sessions. The objective of this class is to not just help students develop their own creative voices, but to also connect them to a community of young writers. Students who take this course will complete an original work of short fiction. (ages 10-12)
Instructor: Lyceum Village Genius Club staff
11. **Engineering Internship [all/flexible hours]**
Spend eight weeks this summer working with an industry expert in the field of Biomedical Engineering. Andrew Larson is an expert in electrical, software, and medical engineering and will be working with a team of young interns interested in the field. He, with select interns will build an original piece of equipment designed for future commercial use by the public. Intern's will be named on the patent applied for by Lyceum Village.
Instructor: Mr. Andrew Larson + 8-10 interns. (6th-9th grade)
(Prospective interns must submit formal application and commit to a full 8-weeks of camp at Lyceum Village. All work will be completed during camp hours. Call for details: 714-454-6537)
12. **French Immersion [wks 1,2,3/9-12p, 1-4p]**
This class is perfect French-speaking students wanting to learn and practice a little more French during the summer. Sign up for any, or all of our 4-weeks of French classes this summer.
Instructor: French Education Los Angeles (EFLA-FLAM) staff
13. **Beginning Japanese, part 1 and part 2 [All/1:30-3:30]**
Learn Japanese from the start! No experience necessary. This class is designed for beginners with each class designed to stand alone, or build from one session to the next. In **Part 1**, campers will learn how to count, introduce themselves, and respond to basic questions, such as their names and phone numbers. New hiragana and katagana writing characters will be introduced weekly, and learn simple kanji as well! **Part 2**, second hour, campers will participate in a Japanese immersion activity or craft - *including making Hello Kitty cupcakes and onigiri*. (Grades 3 and up)
Instructor: E1 Tutoring Staff, Miho Kobayashi, \$10 materials fee
14. **Learn Japanese with Pokemon [All/3:30-5:30]**
Catch, earn, trade and learn Japanese with authentic Japanese Pokemon cards! The original Pokemon cards are written in Japanese. Do you want to know what it says and figure out their unique powers? You can learn how to read and write in Japanese! Practice your Japanese listening skills by watching episodes of Pokemon – *in Japanese!* Every day, the teacher will open a brand new Japanese Pokemon booster pack, and the class will decipher what says on the cards. Which of these cards will you get to add to your own personal collection?
Instructor: E1 Tutoring Staff, Miho Kobayashi, \$20 materials fee
15. **Rubik's Cube Speedcubing [wks 4,5,6,7 /flex 1:30-5:30]**
Learn how to solve the Rubik's Cube, and if you already know how to solve it, learn to speedcube! Learn how to be a faster solver this summer, guided by the World Cube Association SoCal delegate, Alex Davani, who regularly solves the 3x3 Rubik's cube in 10 seconds! (Grades 3 and up)
[Instructor: Alex Davani, LV Genius Club staff, \$5 materials fee if you need a cube]
16. **SAT/ACT/PSAT Prep [wks 2-7/must register for all 6-week of morning camp]**
Six consecutive weeks of intensive test preparation including 90-mins of lecture, lessons, or practice tests, followed by a break consisting of a camp elective of your choice, then an additional 90-minutes of PSAT class, homework, and tutoring for a total of 3-hours per day of PSAT training! Outcomes from this local program over the past 8-years have proven to be extremely successful with students obtaining top scores on their SAT exams. Students from Beckman and University High Schools completing the course received rare perfect scores, with others scoring in the high 1400-1500's after taking this course. Whatever your SAT goals are, serious students enrolling in this program will surely improve test scores over the summer! (This class is suitable for high-level 7th grade students through high school)
Instructor: Lyceum Village Genius Club / E1 Tutoring staff

ATHLETICS:

1. **Basketball [All/8:30-3:30 flexible hours]**
Choose 1, 2 or 3-hours of daily intensive basketball training with our expert FNH & NJB trainers and experienced coaches! The four hours are available to choose from in the morning plus and additional 2-hour in the afternoon. All players, regardless of skill-level will be taught the game of basketball in a fun and positive way!
Instructor: Lyceum Village Staff, FNH, NJB, or Sparks (see schedule)
2. **Cap'n Crunch GRIT Training [wks 3,4,5/1:30-3:00 note: Register for 3 consecutive weeks for best results]**
Have you got grit? Studies show that the number one determiner for future success in life is grit. Learn what it takes to have grit through this one-of-kind mind and body fitness training offered by our NPTA kinesiology fitness director who scored a perfect 300 on the military PT test! Biometrics taken before and after will show positive results and the camper will learn how to apply GRIT to every other aspect of their lives – *including in academic success!*
Instructor: Austin Moori, Kinesiologist \$15 materials fee for biometrics
3. **Hip Hop Dance [wks 3,4,7,8,9, and 10 / 1:30-3:00]**
Join in the fun in this self-expressive, high-energy dance art-form. Don't let anything hold you back! Just express yourself through Hip Hop Dance! This camp is suitable for campers of all ages and skill level. Learn funky and creative dance movements to your favorite trendy hip hop music.
Instructor: Monik's Creative Movement
4. **Mechanics of fast running [wks 6,7/3:30-4:30 note: sign-up for both weeks for best results]**
"Shhhhh.... Do you want to learn the *secret* to being the fastest runner in your classroom!" There is a technique to running fast, and with a little training and practice, you can be faster than you've ever been! Let the experts show you how.
Instructor: Austin Moori, Kinesiologist

MUSIC:

1. **The Art of Practice / Music Practice [AM & PM flexible hours]**
Summertime is the best time to make progress on your instrument. All music students should set at least 30-60 minutes aside to practice in the summer. This class helps students focus on how to practice efficiently with slow sectional practice, and to identify technical and musical solutions. All levels are welcomed.
*Strongly recommended for all Lyceum Village music students! (*Parents: On your registration form, please indicate how long you would like your child to practice per day.*)
Instructor: Lyceum Village Music Department Staff / bring your own music that you are currently working on.
2. **Group Music Lessons: Piano, Violin, Cello [wks 1-5/10:30-12:30; wks 6-10/3:30-5:30]**
Beginner and intermediate groups lessons are available throughout the summer. Although lessons are best continued throughout the summer, it is possible for students to complete one piece in a camp. Each week, intermediate students can rehearse and perform a duet with another camper. Beginner students will learn different songs by ear as well as practice the fundamentals of technique and sight reading.
Instructors: Lyceum Village Music Department staff, materials fee for weekly instrument rentals, if applicable
3. **Music Theory [wks 5 and 6/8:30-10:30]**
Students will be assessed at the beginning of the week and assigned a workbook according to their level in Certificate of Merit. Students will be guided through their workbook with hands-on access to a keyboard in the piano lab. 1hour.
Instructor: Dr. Susan Boettger. Materials fee: \$12 for textbook.
4. **Junior Chamber Music: [wks 5 and 6/flexible hours]**
Perform in a small ensemble as a piano trio or string quartet. Learn a new work in 5 days of rehearsals and coaching. This is a great way to jump start your JCM Fall assignment, or perfect your ensemble piece for summer competitions. Maximum 4 ensembles per week. Interested students must email susan@juniorchambermusic.org for repertoire or group assignment questions.
Instructors: Dr. Susan Boettger & Chun-Yi Wang
5. **Competition Prep: [wks 5 and 6/8:30-10:30]**
The best way to prepare for summer music competitions is to practice intensely and perform many times with feedback from experienced music professors.
Instructors: Dr. Susan Boettger & Chun-Yi Wang

ART:

1. **Pageant of the Little Masters [wk1/8:30-10:30]**

With a touch of art history, students will explore the works of Leonardo da Vinci, Toulouse-Lautrec, Kandinsky, and Pollock and make modern-day recreations of famous paintings of old. Students will use a variety of materials from colored pencils, pastels, and paints. (2 hrs.)

Instructor: Tupperberry Art / \$15 Materials fee to instructor

2. **Cartooning with Animals [wk3/8:30-10:30]**

Everyone loves a happy, colorful monkey wearing a tutu! So, why not learn shading, dimension, color, and expression through the drawing of cartoon animals! Students will use a variety of materials from colored pencils, pastels, and paints. (2 hrs.)

Instructor: Tupperberry Art / \$15 Materials fee to instructor

3. **Street Art [wk6/8:30-10:30]**

Learn to add dimensional and illusion to drawings to give the appearance that the images are popping off the page... or even the sidewalk! Art will be stretched beyond the studio walls during this week! Students will use a variety of materials from colored pencils, pastels, and paints. (2 hrs.)

Instructor: Tupperberry Art / \$15 Materials fee to instructor

4. **Sculpture & 3D Art [wk7/8:30-10:30]**

During this week, students will turn in their pencils for objects, clay and paper mâché. They will be working with their hands, getting a little messy, while still exploring proportions and color!

Instructor: Tupperberry Art / \$20 Materials fee to instructor

5. **Painting [wk9/8:30-10:30]**

Students will paint a different picture each day, learning different methods of blending different mediums together.

Instructor: Laura Suda. Materials fee \$15.

6. **Arts & Crafts [wk8/8:30-10:30]**

This class is designed for kids to create imaginative and playful creations. This course encourages students to follow directions, work through challenges, and in turn, create wonderful crafts!

Instructor: Tupperberry Art Materials fee \$15.

7. **Amazing Textiles Creation / Sewing [wk1-2/1:30-4:30]**

Students will use geometry and mathematical formulas to create various textile creations. Expect to use beautiful fabric and learn how to use a sewing machine to create clothing you will want to wear (pajamas, skirts, shorts). Advanced campers can create more elaborate projects based on their level.

Instructor: Ms Alena. Materials fee: \$30

8. **Dinner Club / Etiquette [wk3/1:30-5:30]**

At the Dinner Club, you must pass certain skills to dine! Learn over 50 of these etiquette skills including table manners, proper introductions, telephone manners, protection from teasing & bullying, being a proper guest, and more – all while preparing a special dinner to enjoy at the end of the week. This is camp guaranteed to be remembered throughout the rest of a camper's lifetime!

Instructor: The Etiquette Factory staff, Materials fee: \$10
